25X1A6a

The accountings for December 1955 and for January and February 1956 were not signed by the Chief of Station. There is no Finance Officer at the Station, and it appears that too little attention is being given to Finance regulations and communications. A Headquarters Finance Officer has recently visited the Station in an effort to improve financial procedures and reportings.

4. We are pleased that so many of your Stations are reported upon favorably and hope that in stations where certain deficiencies have been noted you will institute corrective action as soon as possible.

5. These reports of fiscal conditions at overseas stations are made periodically by the Comptroller. The next one will be submitted as at 31 October 1956 and each six-month period thereafter.
